

# I Fume Extraction Arm

Extraction arm that is suitable for the wide range of applications where the extraction and removal of welding fumes and fine dust at source is required.

## Industries and applications:

Metalwork  
Automotive  
Food industry  
Precision engineering  
Shipbuilding

## Features:

Free flow ducts  
Pneumatic cylinder support  
Wide selection of different types  
Built-in damper  
Built-in light and fan start/stop options  
Robust design

Article Nº	Model	Reach area, m	Ø Diameter, mm	Recommended airflow, m <sup>3</sup> /h	Installation height, m
5359	BEA-M-2S	2	160	1000- 1200	1- 2
6130	BEA-M-2SL	2			
5351	BEA-M-2H	2			2
6124	BEA-M-2HL	2			
5361	BEA-M-3S	3			1- 3
6131	BEA-M-3SL	3			
5355	BEA-M-3H	3			2- 3
6125	BEA-M-3HL	3			
5363	BEA-M-4S	4			1- 3.5
6132	BEA-M-4SL	4			
5356	BEA-M-4H	4			
5364	BEA-M-4HL	4
